**CERTIFICATE OF INCORPORATION
ON CHANGE OF NAME**

Company Number 3328035

The Registrar of Companies for England and Wales hereby certifies that under the Companies Act 2006:

OAKWOOD FUELS LIMITED

a company incorporated as private limited by shares; having its registered office situated in England and Wales; has changed its name to:

ENVA ENGLAND SPECIALIST WASTE LIMITED

Given at Companies House on **6th November 2018**

Companies House

THE OFFICIAL SEAL OF THE
REGISTRAR OF COMPANIES

Safety, Health, Environmental & Quality Statement of Intent

Enva England Specialist Waste

Enva's Management Systems scope, accredited to ISO9001, ISO14001 and ISO45001, relates to the provision of waste management services and laboratory services. Collection, treatment and transfer of waste oils, other permitted waste streams and the manufacture and sale of fuel products.

Enva recognises that Health, Safety, Quality, and Environmental issues relevant to our office, processing areas and logistics operations, are a fundamental part of our business. Our objective is to meet and where possible, exceed the requirements of all applicable legislation and Group policy. This will be achieved whilst addressing the needs of the business and maintaining our accredited Management Systems. Wherever possible, Enva shall commit to the implementation of identified best practice through its Management Systems.

In particular we shall:

- Continue to develop a positive Safety, Health, Environmental & Quality culture across the organisation involving employees in the development and implementation process.
- Ensure all employees and contractors take responsibility for working in a manner that promotes quality, minimises the risk of harm to the environment and promotes the Health & Safety of employees, contractors, visitors and members of the public.
- Assess the level of risk from all significant health, security, safety and environmental hazards and so far as reasonably practicable, ensure that they are eliminated or adequately controlled.
- Provide appropriate leadership, information, systems of communication, instruction, development training, retraining and supervision in health and safety to maintain and continuously improve the competence levels of all employees.
- Monitor and minimise the health, safety and environmental impact of our operations where reasonably practicable.
- Communicate, consult and encourage participation of employees and interested parties.
- Ensure full compliance with applicable legal requirements, Approved Codes of Practice and industry specific guidance and Protocols related to our Safety, Health, Environmental & Quality processes and corporate business strategies; these will be regarded as minimum standards of achievement.
- Allocate sufficient financial and physical resources to achieve our objectives.
- Accurately assess customer requirements, ensure that the quality of service delivered consistently meets or exceeds expectations and respond effectively to any concerns about the level of service provided.
- Regularly monitor, audit and review our own, contractors' and suppliers' performance to ensure continual improvement.
- Regularly review Company assets and security measures to minimise losses
- Maintain and communicate a COVID19 response plan and policy
- Provide an independent OH advisory service targeting health screening and health surveillance for each employee where appropriate

The Director and Management Team are responsible for Safety, Health, Environmental & Quality at Enva. They are supported in this role by the Safety, Health, Environment, and Quality Manager who, as a management representative, is responsible for developing the Company's policies and procedures in line with current Health, Safety and Environmental legislation and for monitoring/auditing compliance with the systems.

This Policy Statement is reviewed at least annually, and is communicated to employees, contractors and suppliers; prominently displayed for visitors and will be made available to the public, stakeholders and any other interested party on request.

La presente Política es aplicable al respecto de los hechos que tienen lugar en Gran Bretaña, Irlanda del Norte, la Isla de Man y las Islas del Canal, todos los países miembros de la Unión Europea, Islandia, Noruega, Suiza, Serbia, Andorra y Bosnia y Herzegovina.

Instructions in the event of an accident
You SHOULD

- | | |
|---|--|
| <p>1 take names and addresses of all witnesses;</p> <p>2 report the accident to the office issuing this Certificate (see overleaf) or if this is not practicable, to the nearest office (see Telephone Directory) quoting the Certificate Number;</p> | <p>3 if your policy is comprehensive put us in touch with your garage; if your vehicle is in use tell us when and where you intend taking it for repair;</p> <p>4 send all communications you receive relating to claims or proceedings against you, unanswered, to the office</p> |
|---|--|

IMPORTANT

The Law requires:

- 1 unless names and addresses, including those of the vehicle owner, together with the registration mark of the vehicle are exchanged at the time of the accident the driver must report it to the Police as soon as possible and in any case within 24 hours;
- 2 if anyone was injured and the Certificate of Insurance was not produced to the Police at the time of the accident, the driver must report the matter to the Police as soon as possible and in any case within 24 hours and produce the Certificate (or arrange to produce it within 5 days of the accident).

You SHOULD NOT

- 1 admit any liability;
- 2 negotiate or make any agreement with anyone regarding your responsibility for the accident;
- 3 make or offer any payment whatsoever to any Third Party, if in doubt – consult us;
- 4 repudiate a claim without our agreement; this may result in Court Action against you by the other party.

Notice of variation and consolidation with introductory note

The Environmental Permitting (England & Wales) Regulations 2016

Enva England Specialist Waste Limited

Bilsthorpe Oil Treatment Plant
Brailwood Road
Bilsthorpe
Newark
Nottinghamshire
NG22 8UA

Variation application number

EPR/DP3331MG/V007

Permit number

EPR/DP3331MG

Bilsthorpe Oil Treatment Plant

Permit number EPR/DP3331MG

Introductory note

This introductory note does not form a part of the notice

Under the Environmental Permitting (England & Wales) Regulations 2016 (schedule 5, part 1, paragraph 19) a variation may comprise a consolidated permit reflecting the variations and a notice specifying the variations included in that consolidated permit.

Schedule 1 of the notice specifies the conditions that have been varied and schedule 2 comprises a consolidated permit which reflects the variations being made.

This variation is to include the shredding of waste oil filters and oily rags for recovery as an additional Schedule 1 Section 5.3 Part A(1)(a)(ii) activity, extend the permit boundary, and add additional waste types to table S2.2 (waste oils treatment). The annual limits listed in tables S2.2 and S2.3 remain the same. A new table S2.4 has been included for the waste types to be treated under the new Schedule 1 Section 5.3 Part A(1)(a)(ii) activity, with a throughput limited to 13,000 tonnes per year.

As a result of this variation there will be the addition of a new building within the extended permit boundary area to house the shredding activity, including a new emission point to air from the activated carbon filter serving the new shredder.

The rest of the facility is described as follows:

The facility is currently permitted to manufacture Processed Fuel Oil (PFO). PFO is used as a virgin fuel substitute in a variety of large industrial burning applications and undertake waste operations on a variety of hazardous and non-hazardous waste.

The facility is divided into 4 areas – two processing areas and two office facilities. The centre of the site is at National Grid Reference SK65256060.

The site is enclosed within a two metre high chain link fence topped with 3 strand barbed wire except for the eastern boundary which has a two metre high palisade fence along the access road approach to the site. Access to site is by one of two lockable gates with the northern access limited further by a remotely controlled barrier.

There are vehicle dismantlers and landfill operations to the east of the site and secure vehicle storage facilities to the north.

There is a dense area of shrubs and young trees to the western boundary which screens the plant from domestic properties some 180 metres away to the west.

Birklands and Bilhaugh SAC are 7 km from site. The River Greet is approximately 1 km away and Rainworth Water is 1.1 km from the site.

The schedules specify the changes made to the permit.

The status log of a permit sets out the permitting history, including any changes to the permit reference number.

The Chartered Institution
of Wastes Management

United Kingdom Accreditation Service

ACCREDITATION CERTIFICATE

**TESTING LABORATORY
No. 4671**

ENVA ENGLAND SPECIALIST WASTE LIMITED

is accredited in accordance with the recognised International Standard ISO/IEC 17025:2005 - General Requirements for the competence of testing and calibration laboratories.

This accreditation demonstrates technical competence for a defined scope as detailed in and at the locations specified in the schedule to this certificate, and the operation of a laboratory quality management system (refer joint ISO-ILAC-IAF Communiqué dated April 2017).

The schedule to this certificate is an essential accreditation document and from time to time may be revised and reissued by the United Kingdom Accreditation Service. The most recent issue of the schedule of accreditation, which bears the same accreditation number as this certificate, is available from the UKAS website www.ukas.com.

This accreditation is subject to continuing conformity with United Kingdom Accreditation Service requirements. The absence of a schedule on the UKAS website indicates that the accreditation is no longer in force.

Section Head, United Kingdom Accreditation Service

**Initial Accreditation date
2 March 2011**

**This certificate issued on
21 November 2018**

UKAS is appointed as the sole national accreditation body for the UK by The Accreditation Regulations 2009 (SI No 3155/2009) and operates under a Memorandum of Understanding (MoU) with the Department for Business, Energy & Industrial Strategy (BEIS)
