Storage and spill containment essential products catalogue

A photograph showing the lower legs and feet of a person wearing blue protective coveralls with reflective white stripes and brown work boots. They are standing in a large, dark, viscous spill on a concrete surface. The spill is dark brown/black and has a thick, gelatinous texture. The person's boots are partially submerged in the spill.

Spill Containment

Enva offer a wide range of storage solutions to help you store your hazardous waste in a safe and compliant manner.

Our storage solutions meet all the current regulatory requirements for oil storage, reducing the risk of pollution from your site to land, surface waters or groundwater as a result of the storage, maintenance and handling of drums and IBC's.

Ecospill Sustainable Absorbents

Ecospill are leaders in the supply and manufacture of sustainable absorbents. Manufactured from natural fibres which have been refined and upgraded, our range of sustainable absorbents often outperform more traditional meltblown products.

This equates to a significant reduction of up to 60% in its carbon footprint, without compromising on performance. Fast acting, highly absorbent and do not leach when saturated, Ecospill products offer excellent tensile strength due to the addition of a fine fibre coverstock.

Spill Pads

- Our heaviest, most absorbent Oil Only pad, absorbing up to 1.2l per pad
- Sonically bonded with cover stock delivers excellent wet strength whilst reducing linting
- Perforated for economy of use
- For use on most oil and water based liquids.

Product No.	Dimensions	Qty	Ltrs
H0215040	50cm x 40cm	100	120
H0225040	50cm x 40cm	200	120

Oil Only Roll

- Cover stock for increased durability and reduced linting
- Bonded and perforated for improved strength and convenience
- Highly absorbent Oil based fluids from land or water.

Product No.	Dimensions	Qty	Ltrs
H0205040	50cm x 40m	1	120
H0208040	80cm x 40m	1	192

Oil Only Pillows

- Ideal for absorbing spills in difficult to access places
- Can be used to catch spills under machinery or where drips and leaks are a problem
- Non-woven outer and high grade polypropylene ensures excellent absorbency and strength.

Product No.	Dimensions	Qty	Ltrs
H0205040	30cm x 40cm	10	50
H2053823	38cm x 23cm	16	50
H2054050	40cm x 50cm	10	50

Spill containment

Oil Only Socks

- Spunbond or knitted outer fabric ensures excellent fluid uptake
- For use on all Oil based liquids
- Hydrophobic technology - selectively absorbs Oils not water
- Ideal for use outside where standing water may be present.

Product No.	Dimensions	Qty	Ltrs
H0430712	7.5cm x 1.2m	20	90
H0430730	7.5cm x 3m	8	90
H1430712	7.5cm x 1.2m	20	90
H1430730	7.5cm x 3m	8	90

Oil Only Drum Toppers

- Placed on top of Drums to catch incidental spills and leaks during dispensing of fluids.
- Manufactured from high grade polypropylene
- Open finish for quick absorbency.

Product No.	Dimensions	Qty	Ltrs
H2760056	56cm diameter	25	25

Oil Only Booms

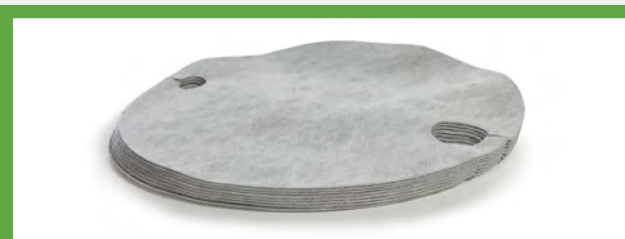

- Can be used on land or water to contain the spread of Oil and other immiscible liquids
- Can be placed around at-risk drain outlets to contain spills at source
- For medium to long term deployment will not sink even when full saturated
- Designed to be deployed on water and can be joined together to form a continuous containment.

Product No.	Dimensions	Qty	Ltrs
H2041330	13cm x 3m	4	120
H2042030	20cm x 3m	4	316
H2041350	13cm x 5m	2	100
H2042050	20cm x 3m	2	262
H2041310	13cm x 10m	1	100

Maintenance Drum Toppers

- Placed on top of drums to catch incidental spills and leaks during the dispensing of fluids
- Manufactured from high grade polypropylene
- Open finish for quick absorbency
- Also good for chemicals.

Product No.	Dimensions	Qty	Litres per pack
M0360056	56cm diameter	25	25

Spill containment

Spill Aid Absorbent

- Spill Aid Power Absorber is a fast-acting absorbent for all spills from chemicals to oil
- Leaves surfaces dry and safe to walk or work on in seconds
- Pour Spill Aid onto the spill and brush in, then brush up leaving the surface perfectly dry with no residue.

Product No.	Bag Size	Pallet/Qty	Absorbs
U3090005	5L	210 bags	Oil, fuel & water based liquids
U3090005	30L	100 bags	Oil, fuel & water based liquids

Oil Granules

- New safety tread 30 litres
- Strong and highly absorbent
- Will not crush under vehicle tyres
- Highway approved granule
- Low dust content
- Meets MOD standards.

Product No.	Ltrs	Pallet/Qty	Absorbs
U2090030	30	55 bags	Oil, fuel and water based liquids

Muckyz Hand and Machinery Wipes

- Heavy duty smooth or scrub wipes, designed for tough stains- remove grim, oil, grease and muck.
- Kills viruses and bacteria, moisturising.
- Manufactured in the UK by Fentex, not tested on animals, solvent free, cosmetic directive compliant.

Product No.	Description
TSS80/6	Case of 6 x 2 litre tubs of 80 Muckyz Smooth wipes
TSS80/12	Case of 12 x 2 litre tubs of 80 Muckyz Smooth wipes
TSS80	Full pallet of 360 x 2 litre tubs of 80 Muckyz Smooth wipes
TWW80/6	Case of 6 x 2 litre tubs of 80 Muckyz Scrub wipes
TWW80/12	Case of 12 x 2 litre tubs of 80 Muckyz Scrub wipes
TWW80	Full pallet of 360 x 2 litre tubs of 80 Muckyz Scrub wipes
AW2/WD	2 litre tub wall bracket for all FWS 80 sheet 2 litre tubs

Spill Kits

Spillages need to be contained and cleaned up as quickly and safely as possible we have the equipment to allow you to do just that. Our spill kits will provide you with what you need to contain leaks and spills. Our kits contain a range of absorbent products, the different types of absorbent materials include pads, rolls, socks, drum covers and cushions. Spill kits should be kept at easy access anywhere where significant quantities of hazardous liquids are used within customers premises. In emergency situations it is vital to be able to react quickly.

These spill kits come in different sizes so they can be stored in various locations around a site meaning that when the need arises, you will never be too far from the correct equipment to contain a spill.

Safe and Compliant Solutions

Oil Only Spill Kits

- All kits come equipped with a range of absorbent formats depending on the size of the kit, including disposal bags and ties.
- A total 'one stop' package for a quick and effective response to spillages.

Product No.	Description	Litres per kit
H1280020	Vinyl spill response kit	20
H1280015	Vinyl spill response kit	15
H1280030	Vinyl spill response kit	30
H1280050	Vinyl spill response kit	50
H1270090	Circular bin spill kit	90
H1290015	Clip top spill kit	15
H1290030	Clip top spill kit	30
H1460025	Caddy bin spill kit	25

Hazardous waste disposal

Bunded Workfloors

- Made from PE, 100% recyclable
- Use with or without platform, stackable for easy transportation & storage
- Non-slip platform surface, easy to clean
- Designed to fit on Euro pallets
- Ramp attaches easily to pallets and has a capacity of 1000kg.

Product No.	Dimensions	Sump	Weight
P3281209	126cm x 86cm x 15cm	130L	20kg
P3281713	166cm x 126cm x 15cm	300L	38kg
P3282609	261cm x 90cm x 15cm	300L	42kg
P3280680 (ramp)	65cm x 80cm x 16cm	N/A	8kg

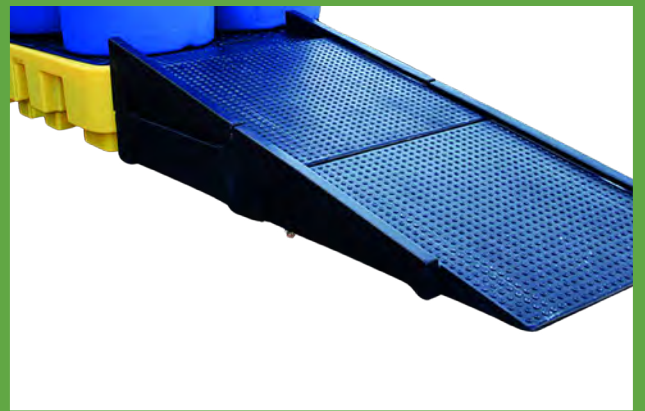

4 Drum Spill Pallet

Product No.	Dimensions	Sump	Weight
FL-205-112	1460mm x 1460mm x 305mm	249L	49kg

Ramp for Spill Trays

- Ramp and block module for 4 drum stackable, 4 drum in line spill pallets and 4 drum hardcover spill pallets
- Manufactured from tough, durable chemical resistant polyethylene
- Resistant to high and low temperatures
- Integrated locking system for added safety
- Ergonomic slope angle of 11 degrees
- Non-slip surface
- Easy to clean

Product No.	Dimensions	Sump	Weight
GN-205-02-2	1750 x 1000 x 300mm	N/A	27kg

4 Drum In-line Spill Pallet

Product No.	Dimensions	Sump	Weight
FL-205-106	2445mm x 660mm x 270mm	235L	36kg

Covered spill pallets

Secondary Containment

Secondary containment such as sump pallets and trays are an integral part of drum storage. By holding accidental leaks and spills they prevent harmful liquids from coming into contact with surfaces, other chemicals and members of your workforce. Rather than spreading, substances are caught and secured beneath the drum until they can be safely cleaned away. This is not only environmentally friendly but also cost-effective and limits the waste created by a leaking drum.

Hard Covered Drum Bund Pallets

- 100% recyclable polyethylene, hard covered banded store
- For 2 and 4 x 205ltr drums or smaller containers
- Lockable shutter door, Integral base fork pockets
- Delivered fully assembled.

Product No.	Dimensions	Sump	Weight
P3201510	149cm x 99cm x 169cm	230L	85kg
P3201514	147cm x 142cm x 207cm	410L	121kg

Covered Single IBC Spill Pallet

- Corrosion resistant, weatherproof
- Suitable for most IBC footprints
- Forklift pockets for moving empty units
- Removable decking to assist cleaning
- Robust 100% polyethylene construction.

Product No.	Dimensions	Sump	Weight
P3201814	238cm x 135cm x 241cm	1100L	119kg
P3202614	256cm x 135cm x 214cm	1140L	181kg

Covered Four Drum Spill Pallet

- Corrosion resistant
- Weatherproof
- Suitable for most IBC footprints
- Forklift pockets for moving empty units
- Removable decking to assist cleaning
- Robust 100% polyethylene construction.

Product No.	Dimensions	Sump	Weight
P3201413	142cm x 131cm x 187cm	410L	54kg

Drums & Bins

Plastic Clip Top Drums

- Provide a great option around workshops for the storage of waste.

Product No.	Option	Size	Qty	Capacity
ENV0001	60L	615(H) x 398(W)	1	60L

Overpack Drums

- Provides an excellent secure and leak-free container solution for hazardous waste.

Product No.	Option	Size	Qty	Capacity
ENV0002	399L	1102(H) x 804(W)	1	399L

Clip Top Steel Drum

- Clip top steel drum available for the safe storage and segregation of hazardous waste on site.

Product No.	Option	Size	Qty	Capacity
ENV0005	205L	880(H) x 610(W)	1	205L
ENV0006	100L	739(H) x 487(W)	1	100L
ENV0007	50L	562(H) x 356(W)	1	50L

Wheelie Bins - Colour Segregation

- Different sizes of wheelie bins available for the storage and segregation of waste on site. Manufactured and tested to EN840- DIN30700 EN840 the Europe wide standard for emptying interoperability and handling safety. Wide range of colours available to assist segregation.

Product No.	Option	Size	Qty
ENV0008	80L colour coded bin	940(H) x 445(W) x 513(D)	1
ENV0009	120L colour coded bin	940(H) x 480(W) x 543(D)	1

Drum Bund Covers

2 Drum Bund Cover

- Prevents contamination of drums and sump area when stored outdoors. Reinforced High Density Polyethylene Fabric (HDPE) tarps are made with elasticated bottom and adjustable straps.

Product No.	Dimensions	Sump	Weight
GN-5260-TARP	1520 x 1000 x 1080mm	N/A	2.4kg

4 Drum Bund Cover In-line

- Prevents contamination of drums and sump area when stored outdoors. Reinforced High Density Polyethylene Fabric (HDPE) tarps are made with elasticated bottom and adjustable straps.

Product No.	Dimensions	Sump	Weight
GN-5102-TARP	2530 x 780 x 1090mm	1700L	4kg

4 Drum Bund Cover Square

- Prevents contamination of drums and sump area when stored outdoors. Reinforced High Density Polyethylene Fabric (HDPE) tarps are made with elasticated bottom and adjustable straps.

Product No.	Dimensions	Sump	Weight
GN-5400-TARP	1440 x 1440 x 1120mm	N/A	3.2kg

Flexible Bund Cover 2 & 4 Drum

- Economical protection for Spill pallets and containers
- Full height prevents rainwater entering sump
- Keeps containers clean and dry
- Rope and eyelets at base to create tight fit
- Can be easily pulled back for access to containers.

Product No.	Dimensions	Weight
BPFE2/RC	2 x drum = 130 x 75 x 44cm	1.2kg
BPFE4/RC	4 x drum = 138 x 129 x 28cm	1.5kg

Drum

Drum Funnel

- Polyethylene Funnels are used for the clean and efficient dispensing of liquids into drums or IBC's and can also be utilized for many other containers.
- Supplied with a lid to cover the funnel when not in use.

Product No.	Dimensions	Qty	Notes
ENV0010	610/650mm (dia) x 230/250mm(H)	1	4kg

1kg Drum Plug Putty

- Made from chemically inert clay that forms a barrier to aqueous liquids
- Pre-mixed ready to use putty
- Used as temporary measure to stop drum leaks.

Product No.	Qty	Note
ENV0011	1	1kg for fuel and chemical leaks

Safety Funnel

- Chemical and oil resistant
- Robust durable construction
- High density plastic body with integral hinged safety lockable lid
- Safety funnel Type 1 has 2in adaptor for plastic containers and safety funnel Type 2 has 2in BSP adaptor for metal containers.

Product No.	Dimensions	Qty	Notes
400-1013	250mm diameter	1	Suitable for drums with external threads
400-1029	250mm diameter	1	

Battery Box

Container for the use of Lead Acid Batteries and other waste streams.

Product No.	Description	Dimensions L x W x H
ENV0012	Large container	31 inch x 47 inch x 39 inch
ENV0013	Small container	18 inch x 32 inch x 24 inch
